

***Intern Questionnaire***

Please fill out this questionnaire to the best of your ability and consider it a chance to honestly introduce yourself to us. You will be working alongside our staff in many different facets, and we are genuinely interested in hearing how we can help you reach goals and expectations with your internship experience. It is our hope that this process helps you self-question what it is about landscape architecture that excites you, why you were drawn to this profession and where you intend to go.
